

Dear Team ,

Greetings for the Day!!

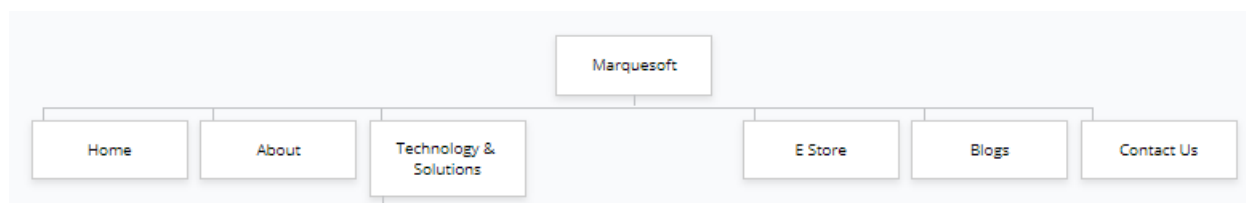

As you have designed our website and are going to help in further redevelopment & maintenance, I would like to have some insights as discussed on call, which would help developing team.

The look & feel of the website should be more simple, For Example you can refer website : <https://www.asu.ae> where they have used white background and logo color combination.

Our current header is:-

Which we would further like to have as:-

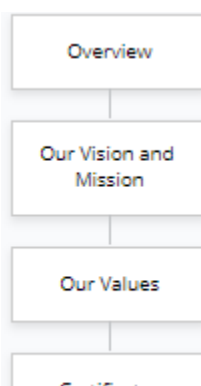

Where for technology and solutions will be like this:-
